**Our Budget Plan will help you**

COME in! Let us explain how the Budget Plan goes ahead with that New Edison for Xmas.

It breaks up the payments,—scatters them through 1921,—fits them to your pocketbook.

Besides, you're using an after-the-war dollar to buy a before-the-war value. The New Edison has gone up in price less than 15% since 1914. Mr. Edison has kept prices down by absorbing increased costs himself. You get the benefit.
